24 November 1959

MEMORANDUM FOR :

SUBJECT : Patent Disclosure

1. Attached is a disclosure of an invention submitted by Westinghouse Electric Company under our Contract No. TA-3034 for development of an avoidance system.

2. The contractor has advised that it does not intend to file a patent application on this disclosure.

3. Please review this disclosure and advise whether or not you recommend that the Agency file a patent application on the "Wide Range AFC."
